

**FOR IMMEDIATE RELEASE**

## **Burns & McDonnell Ranks No. 1 Among Top Design Firms in Colorado and Wyoming**

DENVER, Colorado (July 9, 2019) — Burns & McDonnell, an engineering, architecture and construction firm, ranks No. 1 on the [2019 Top Design Firms](#) list compiled by *Engineering News-Record (ENR) Mountain States*. This list ranks the largest design firms based on design-specific revenue across the region, which encompasses Colorado and Wyoming.

“We are honored to be named *ENR Mountain States*’ No. 1 firm in the region — a testament to our clients and talented employee-owners,” says [Mark Lichtwardt](#), senior vice president and general manager for Burns & McDonnell in Denver, Colorado, and Portland, Oregon. “From building water treatment facilities to designing energy facilities that power our homes, our team goes above and beyond to deliver smart and sustainable engineering, architecture and construction solutions.”

Burns & McDonnell’s design revenue in the region was \$146.30 million in 2018, up \$33.62 million, or nearly 30%, from \$112.68 million a year earlier. Throughout the past year, the firm’s employee-owners supported a wide range of projects and programs including design-build construction; water and wastewater; electrical transmission and distribution; power generation; manufacturing and facility solutions; oil and gas; and environmental.

Burns & McDonnell permanently established its presence in 1987 in [Denver, Colorado](#). Backed by a global team of 7,000 employees, Burns & McDonnell has grown to more than 270 professionals locally. The firm plans to [continue hiring](#) engineers, construction specialists, scientists and other professionals to support energy, aerospace, federal and municipal clients as well as manufacturers.

In addition to being the highest-ranking design firm in the Mountain States, Burns & McDonnell also is [ranked No. 1 in Power and among the top 10 U.S.-based design firms nationally by ENR](#).
