

Math About Me

Instructions

- Write your name at the top of your worksheet.
- Add a topic to the “About Me” box. See the starter topics below for ideas.
- Create a math problem whose solution is the answer to your topic. Fill in as many topics and math problems as you can. Use addition, subtraction, multiplication or division.
- Pass your worksheet around the table for friends to solve the math problems and learn more about you!

Starter Topics

Age
Shoe size
Pets
Month I was born
Sports I play
Family members
Letters in first name
Letters in last name
Books I read over the summer
Minutes I read each day
Time it takes to travel to school
